**Cc:** Jamie Miller  
**Subject:** Calendars

Hi everybody,

I think we have the meeting dates all nailed down. Below find a list of the meeting dates for each county. I've just assumed the time of start so if you would like to have a different start time, let me know. I will need information on the meeting locations soon because we will start preparing a news release to go out ahead of these meetings.

Clay County	March 23 <sup>rd</sup> , 7:30 PM -
Fillmore County	April 20 <sup>th</sup> , 7:30 PM – Geneva Public Library, Geneva
Thayer County	April 21 <sup>st</sup> , 7:30 PM -
Saline County	April 22 <sup>nd</sup> , 7:30 PM -
Jefferson County	April 23 <sup>rd</sup> , 7:30 PM -
Gage County	April 27 <sup>th</sup> , 7:30 PM -
Webster County	April 29 <sup>th</sup> , 3:00 PM -
Nuckolls County	April 29 <sup>th</sup> , 7:30 PM -
Adams County	April 30 <sup>th</sup> , 7:30 PM -

Jamie has indicated that with so many meeting dates scheduled for later in April, the time line for entities project submittals could likely be backed up until about the end of March. That would still give her plenty of time to get everything entered in the plan and get it out to you. If you've submitted your projects already and come up with any others, feel free to submit them as well. As I mentioned earlier, it would be best if you keep the project proposals together for your county so there is no confusion about where they belong.

FYI – Jamie passed on to me yesterday that Jennifer Williams is no longer with NEMA. For all correspondence, please contact Brian Podwinski at 402-471-7182 or [brian.podwinski@nebraska.gov](mailto:brian.podwinski@nebraska.gov). A new Hazard Mitigation Officer will be announced in the coming weeks.
